REMARKS

The Office action of October 18, 2005, has been carefully considered.

Claims 1-3 and 5-7 have been rejected under 35 USC 112, 2nd paragraph, on the basis that "Rz" is not a unit of surface roughness. Claims 1 and 7 have now been amended to recite the units of surface roughness as micrometers, as is disclosed in the specification, for example in [0034]. The specification has also been amended to reflect this correction.

Withdrawal of this rejection is requested.

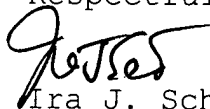

Claims 1 and 5-7 have been rejected under 35 USC 102(b) over Dong.

Claims 2 and 3 have not been rejected over prior art, and although not set forth in the Office Action, Applicants assume that these claims are allowable over the art of record. Claim 1 has now been amended to incorporate the limitation of claim 2, which has been canceled.

Withdrawal of the rejection of claims 1 and 5-7 is requested.

In view of the foregoing amendments and remarks, Applicants submit that the present application is now in condition for allowance. An early allowance of the application with amended claims is earnestly solicited.

Respectfully submitted,
